Professional Summary

Motivated Master of Computer Applications (MCA) student with a strong interest in Data Science, Artificial Intelligence, Machine Learning, and Deep Learning. Skilled in Python, SQL, data analysis, machine learning concepts, and database management. Passionate about developing intelligent systems and applying data-driven solutions to real-world problems.

Education

Master of Computer Applications (MCA), *St. Philomena College (Autonomous)* Present
Puttur, Karnataka

Bachelor of Science (B.Sc.),
St. Philomena College (Autonomous), affiliated with Mysore University
Computer Science, Mathematics and Statistics

Technical Skills

Programming

Python, C, PHP, SQL

Databases

MongoDB, MySQL

Data Science

NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn

Machine Learning & AI

Regression, Classification, Neural Networks, CNN, TensorFlow (Basics)

Tools

Jupyter Notebook, Google Colab, VS Code, Git, Excel, Anaconda

Academic Projects

Smart Agriculture – Yield Prediction

Developed a machine learning model to predict crop yield using soil and weather parameters.

Student Dropout Prediction System

Built classification models to identify students at risk of dropping out.

Learning Management System (LMS)

Developed a web-based LMS using PHP and MySQL with authentication and course management features.

MongoDB Vector Search Demo

Explored AI-powered semantic search using MongoDB Atlas Vector Search.

Certifications

Cybersecurity & Digital Forensics

Talfor (30-Hour Training)

Getting Started with Artificial Intelligence

IBM SkillsBuild

Introduction to MongoDB

MongoDB University

MongoDB Professional Learning Path

MongoDB

Achievements

Participant – Innovate Hack 2026
32-Hour Hackathon

St. Philomena College
(Autonomous)
